

Worldcue® Companion

Operate Globally with Confidence

Access to critical operational intelligence and threat exposure is now easier than ever across all your devices.

WORLDUCUE COMPANION ENABLES YOU TO MONITOR AND QUICKLY COMMUNICATE WITH PEOPLE WHO MAY BE IMPACTED BY AN EVENT.

Prepare, Monitor, Respond

- **At-a-glance threat Alerts and potential impact count:** quickly identify the potential impact of threats to your organization, including who may be at risk
- **Dynamic Intelligence, on the go:** view location-specific alerts, destination intelligence and security ratings for hundreds of cities and countries around the world
- **Identify Potential Exposure by Destination:** quickly view list of people by location (country or city) alongside active Alerts and destination intelligence to make better-informed decisions
- **Full Itinerary and Assignment Details:** quickly assess a threat's impact on your people's air, hotel, rail or car plans, including those on expat assignment
- **Easy Access to Contact Information:** get up-to-date contact information for any person in the event of an emergency
- **Communicate with People At Risk:** in one tap, prepare an email to an individual or a group of people potentially impacted by threats
- **One-tap report downloads:** promptly communicate the level of impact to stakeholders within your organization
- **AXA Assistance Medical Provider Search*:** expedite the search for the closest and most appropriate AXA Assistance medical providers during an emergency situation
- **Access to your organization's Hotline Phone Number**:** one-tap connects you with iJET's Global Integrated Operations Center team to quickly triage calls from your people around the globe and ensure they get the assistance they need for any travel, security or medical issues

* Available only to mutual AXA-iJET customers

**Hotline access available as part of Worldcue®24 or Worldcue® Mobile TRAVELER Hotline subscription.

Our mission is to increase our clients' confidence and readiness to operate globally and securely. Each day, our insights protect the personnel, assets, and investments of those we serve.
